February 2010

Total £_____

TV Doc, Dr Hilary Jones, says "No treatment is guaranteed to kill all head lice and their eggs. But the **Bug Buster Kit, recommended by the Department of Health, is ideal for their detection and eradication,** and it allows you to carry on using your regular shampoo and conditioner. Follow the instructions and you should get rid of the problem for good."
"Your Questions Answered", News of the World, Sunday Magazine, 13 May 2007

Check the efficacy of any treatment choice by Bug Busting 5 and 12 days after use.

1 Bug Busting® reduces head lice, social stigma and cuts healthcare costs - demonstrated in the paper by Ibarra *et al. Journal of Clinical Nursing* (2007) 16: 1955-1965. 2 Most families use their original Bug Buster® combs for the detection and cure of new infestations for at least a year – sustainability data presented by Hill *et al.* (2006) to the Third International Congress on Phthiraptera (Lice). 3 Hill *et al.* (2005) *British Medical Journal* 331: 384-7.
